NonStopAuction Terms & Conditions

Last updated: 6 October 2026

These Terms & Conditions govern your use of NonStopAuction, an online auction marketplace operated by **CentrumDisce**, trading as **NonStopAuction** ("NonStopAuction", "we", "us" or "our").

Operator: CentrumDisce
Trading name: NonStopAuction
Email: centrumdisce@gmail.com
Business/service address: [INSERT BUSINESS OR SERVICE ADDRESS]

By creating an account or using NonStopAuction, you agree to these Terms & Conditions and the policies incorporated into them.

1. About NonStopAuction

NonStopAuction is an online marketplace that allows users to list goods for auction and allows other users to bid on and purchase those goods.

NonStopAuction is generally an intermediary between buyers and sellers. Unless expressly stated otherwise, the contract for the sale of an item is between the buyer and the seller, not between the buyer and NonStopAuction.

NonStopAuction does not normally own, possess, inspect or control goods listed by sellers.

2. Eligibility

You must be at least 18 years old to create an account, bid, purchase or sell through NonStopAuction.

You must provide accurate and complete information when creating and using your account.

You may not create an account or use the platform on behalf of another person unless you have authority to do so.

You are responsible for keeping your account credentials secure and must not allow another person to use your account.

We may require additional information or verification where reasonably necessary for security, fraud prevention, payments, legal compliance or regulatory purposes.

3. Buying and bidding

When you place a bid, you are making a binding offer to purchase the item if your bid becomes the winning bid, subject to any applicable law and these Terms.

Bids may not be withdrawn except where NonStopAuction permits withdrawal or where withdrawal is required by law.

You must not place bids with no genuine intention of completing the purchase.

You must not place bids using multiple accounts or cooperate with another person for the purpose of manipulating an auction.

You must not bid on your own listings or arrange for another person to artificially increase the price of an item.

We may cancel bids, restrict accounts or terminate auctions where we reasonably believe that bidding activity is fraudulent, abusive, manipulative or otherwise contrary to these Terms.

4. Auctions and winning bids

Each auction will contain the applicable information relating to the item, including the auction duration,

starting bid and any applicable reserve or other conditions.

Unless otherwise stated on the listing, the highest valid bid at the end of the auction wins.

A winning bidder is expected to complete the purchase and pay the amount due within the time specified by NonStopAuction or during checkout.

Failure to complete purchases may result in account restrictions, suspension or termination.

NonStopAuction may cancel or end an auction where reasonably necessary, including where an item is prohibited, the listing contains a material error, there is suspected fraud or manipulation, or technical problems materially affect the auction.

5. Sellers

Sellers are responsible for the accuracy and legality of their listings.

Sellers must accurately describe the item, disclose material defects and provide accurate photographs or other representations.

Sellers must only list items that they are legally entitled to sell and legally entitled to deliver to the applicable buyer.

Sellers must not list counterfeit, stolen, unlawfully obtained, prohibited or heavily restricted goods.

Sellers must comply with all laws applicable to the sale, possession and shipment of their goods.

Where a seller is acting in the course of a business, the seller is responsible for complying with all consumer protection, tax, product safety and other legal requirements applicable to that seller.

6. Delivery

The seller must specify an expected delivery or dispatch window for the item where the listing requires one.

The seller is responsible for dispatching the item and ensuring that it reaches the buyer within the stated delivery window, subject to events outside the seller's reasonable control.

Sellers are strongly encouraged to use tracked and/or signed delivery services.

Where a seller chooses not to use tracking, the seller may be required to provide other evidence of dispatch and remains responsible for resolving claims concerning non-delivery where delivery cannot reasonably be established.

If an item is lost in transit, the seller is responsible for pursuing any appropriate claim against the carrier unless the circumstances establish that responsibility lies elsewhere under applicable law.

Buyers must provide accurate delivery information.

International buyers and sellers are responsible for any customs duties, import taxes, export requirements or other charges applicable to international shipments unless otherwise stated in the listing.

7. Returns and refunds

Returns must normally be submitted through:

https://www.nonstopauction.com/returns

Nothing in these Terms removes or limits any statutory consumer rights.

Where a seller is a business selling to a consumer, applicable UK consumer protection and distance-selling laws may give the consumer rights including cancellation rights.

Because NonStopAuction is an online-only auction marketplace, sellers must not assume that an auction automatically removes statutory cancellation rights. The statutory "public auction" exemption generally requires

consumers to be given the possibility of attending the auction in person.

Private sellers are not generally required to accept returns simply because a buyer changes their mind, although they remain responsible for goods that are materially not as described and for other legal obligations that apply to the transaction.

Business sellers remain responsible for their own legal obligations toward consumers.

Further details are contained in the NonStopAuction Returns & Refunds Policy.

8. NonStopAuction disputes and intervention

Buyers and sellers should initially attempt to resolve disputes directly.

Either party may request that NonStopAuction intervene.

Where intervention is requested, NonStopAuction may review the evidence provided by either party and attempt to reach a neutral decision.

We may request photographs, tracking information, messages, payment information, listing information or other evidence reasonably required to assess a dispute.

We may issue a platform decision concerning access to the platform, refunds processed through the platform, account restrictions or other platform matters.

Our intervention does not remove any statutory legal rights or prevent a party from pursuing a legal remedy where one is available.

9. Payments

Payments are processed through Stripe and may be subject to Stripe's own terms and requirements.

NonStopAuction does not directly hold card details.

Sellers may be required to complete identity and other verification through Stripe before they are able to receive payouts.

NonStopAuction may delay, restrict or prevent payouts where required by Stripe, applicable law, fraud prevention requirements, dispute procedures or these Terms.

Stripe determines applicable verification requirements and may request additional information from users.

10. Seller fees

NonStopAuction currently charges sellers a fee equal to **10% of the final hammer price**.

There are currently no separate buyer fees or additional NonStopAuction transaction fees.

The platform may display a price calculated to incorporate the NonStopAuction fee mechanism. The final amount due to a buyer will be displayed before payment.

We reserve the right to change our fees prospectively by updating the applicable fee information. Changes will not retrospectively alter fees already incurred unless required by law.

11. Seller payouts

Seller payout eligibility depends on the seller's Stripe verification status and sales activity.

Our current target payout timing is:

- Up to **30 days** where the seller has not completed Stripe identity verification.
- Up to **7 days** where Stripe identity verification has been completed.
- Up to **24 hours** where Stripe identity verification has been completed, the seller has completed more than 10 sales within the preceding 30-day period and has no negative feedback, subject to

any applicable review, dispute, fraud or payment-processing requirements.

These are maximum target release periods rather than a guarantee of payment at a specific time.

Stripe may independently impose restrictions, holds or delays.

12. Prohibited items

You must not list or sell items which are illegal or heavily restricted in the relevant jurisdiction.

This includes, without limitation:

- illegal drugs and controlled substances;
- prescription medicines and pharmaceuticals where their sale is restricted;
- firearms, ammunition and other regulated weapons;
- stolen property;
- counterfeit goods;
- goods designed to facilitate criminal activity;
- explosives and dangerous materials;
- unlawful hazardous substances;
- fraudulent documents or identification;
- goods whose sale or shipment is prohibited by law.

NonStopAuction may maintain a more detailed Prohibited Items Policy and may remove items that we reasonably believe present a legal, regulatory, safety or platform risk.

13. Account suspension and termination

We may suspend, restrict or terminate an account where we reasonably believe that a user:

- breaches these Terms;
- engages in fraud or attempted fraud;
- manipulates auctions;
- fails to complete transactions;
- repeatedly fails to dispatch sold items;
- repeatedly receives substantiated complaints;
- lists prohibited goods;
- misuses the returns or dispute process;
- attempts to circumvent account restrictions;
- provides materially false information; or
- creates a risk to NonStopAuction, its users, payment providers or other third parties.

Where reasonably possible, we may provide an explanation for significant account action.

Where appropriate, we may retain information relating to suspended or terminated accounts for fraud prevention, legal compliance and dispute resolution.

14. Multiple accounts

You must not create or operate multiple accounts for the purpose of circumventing restrictions, manipulating auctions, avoiding fees, evading dispute outcomes or otherwise abusing NonStopAuction.

We may use information available to us, including account information, payment information, identity verification data supplied through Stripe, device information, transaction history and other technical information, to identify suspicious or linked accounts.

Where accounts are determined to be associated with prohibited or fraudulent activity, we may restrict or terminate associated accounts.

15. Listings and content

You retain ownership of content you upload to NonStopAuction.

By uploading content, you grant NonStopAuction a non-exclusive, worldwide, royalty-free licence to host, reproduce, display and technically modify that content as reasonably necessary to operate, promote and improve the platform.

You must ensure that content you upload does not infringe another person's intellectual property, privacy or other rights.

We may remove or restrict content that breaches these Terms or applicable law.

16. Reviews and feedback

Users may be able to leave ratings, reviews or feedback regarding transactions.

Feedback must be honest and based on genuine transaction experience.

You must not submit fake reviews, manipulate feedback, threaten another user with negative feedback or offer incentives in exchange for misleading feedback.

We may remove feedback that violates these requirements.

17. Platform availability

We do not guarantee that NonStopAuction will always be available, uninterrupted or error-free.

We may temporarily suspend or modify the platform for maintenance, security, upgrades or other operational reasons.

18. Limitation of liability

Nothing in these Terms excludes or limits liability where doing so would be unlawful.

Nothing in these Terms excludes or limits statutory consumer rights that cannot lawfully be excluded.

To the maximum extent permitted by law, NonStopAuction is not responsible for:

- the quality, safety, legality or authenticity of items sold by users;
- the accuracy of seller listings;
- a seller's failure to dispatch an item;
- a buyer's failure to pay;
- losses caused by carriers;
- transactions conducted outside NonStopAuction;
- indirect or consequential losses where lawfully excludable.

NonStopAuction is a marketplace operator and does not become the owner of goods merely because those goods are listed or sold through the platform.

19. Indemnity

To the extent permitted by law, sellers agree to compensate NonStopAuction for losses, claims, costs or liabilities arising from the seller's unlawful conduct,

breach of these Terms, infringement of third-party rights or unlawful listing or sale of goods.

This clause does not apply to the extent that the loss was caused by NonStopAuction's own unlawful conduct.

20. Changes to these Terms

We may update these Terms from time to time.

The current version will be published on NonStopAuction.

Material changes will not retrospectively alter rights or obligations already accrued unless required by law.

21. Governing law

These Terms are governed by the law of England and Wales unless mandatory law applicable to a consumer requires otherwise.

Nothing in these Terms prevents a consumer from relying on mandatory consumer protections available in their country of residence.

22. Contact
